Caroline Kopp and **Douglas Graneto** imagine chic office spaces for a stylish power couple. And, just to shake things up, Kopp created the office for him, while Graneto imagined a feminine space for her.

Lacte by Petros Koublis
"A great piece of art ties a room together. The colors and rugged natural forms in this photograph continue the themes used throughout the space."

Albert Sofa

"When it comes to upholstery, you can't go wrong with a classic silhouette like this tight-back sofa with English arms. A traditional upholstered piece grounds the room, allowing you to be more adventurous with other elements in the space."
Lillian August for Hickory White, Lillian August Design Center, Norwalk, lillianaugust.com

Live Edge Desk by Jeff Soderbergh

"This handmade desk is fabricated from one bold slab of wood; it is just so masculine and rich but in a rugged, authentic way." Jeff Soderbergh, Newport, R.I., and Wellfleet, Mass., jeffsoderbergh.com

Apparatus Tassel Sconces

"I love how cool and different these sconces are. They feel vaguely vintage-deco yet totally modern at the same time. The flexibility of LED technology allows for futuristic lighting forms that have not been seen before."
